Section 1 – Coastal Qualifier Overview

Coastal Qualifier | September 30 – November 1, 2021

The Coastal Qualifier serves as the official way to earn a spot at a Fittest of the Coast championship event.

Athletes will perform five workouts over a five week period. One workout will be released each Thursday and athletes will have until the following Monday night at 9pm (EST) to submit their scores. Athletes in qualifying positions must be prepared to submit at least one workout video should they earn a qualifying spot.

Registration for the Coastal Qualifier opens on Sunday, August 1 and will close on Monday, October 4 at 9pm.

Athletes can compete to qualify for both the Team and Individual Championships. If an athlete wants to earn a spot in both the Team & Individual Championships, athletes must register for both online events. Qualifying workouts for both the Team & Individual Championships will be the same.

To earn a spot at the Individual Championship, an athlete will complete the weekly workout and submit his/her score to the Individual Qualifier leaderboard.

To earn a spot at the Team Championship, both athletes on the team must complete the workout. The team captain will submit both scores to the team leaderboard. Team scores will be summed (totaled) to create one score. Athletes do not need to complete the workouts together or be from the same gym.

If an athlete wants to earn a spot in both the Team and Individual Championship events, they only need to complete a weekly Coastal Qualifier workout once. An athlete’s score will be the same for both the Individual and Team Coastal Qualifier leaderboard. The score will need to be submitted on both leaderboards.

Athletes must compete in the Coastal Qualifier and finish inside the qualifying line for their division to earn an invite to a Fittest of the Coast Championship. If an athlete chooses to not accept his/her invite, a backfill invite may be sent to the next athlete down the list. There are divisions offered to athletes that do not qualify, but still want to compete - these spots are limited and will sell out fast.

Any unclaimed money will be given back to a non-profit/charity of FOTC's choice.

Section 17 - Coastal Qualifier Team Challenge

In addition to serving as the qualifier for Fittest of the Coast, the Coastal Qualifier will also serve as a team competition - the Coastal Qualifier Team Challenge. Any gym with at least 10 participating athletes can take part in the Team Challenge.

Gyms will be divided into divisions based off the number of athletes registered. See below for divisions. Gyms must have at least 10 athletes in the Coastal Qualifier to participate.

Division 1 - Gyms with 10-20 athletes

Division 2 - Gyms with 21-40 athletes

Division 3 - Gyms with 41+ athletes

How it Works:

Each gym will designate a team captain. Each week, the team captain will submit a roster by the score submission Monday of that week's workouts. Rosters must be submitted by 9pm. Team captains will submit rosters on www.fittestofthecoast.com.

Weekly Roster Sizes:

Each week, a team captain will fill out a roster with his team's athletes. Roster sizes will vary based on division.

Division 1 Weekly Roster Size - 5 athletes

Division 2 Weekly Roster Size - 7 athletes

Division 3 Weekly Roster - 9 athletes

Roster Rules

Division 1 Roster Rules - Athletes cannot be in the roster two weeks in a row. A different roster must be made each week.

Division 2 Roster Rules - Athletes cannot be in the roster two weeks in a row. An athlete can only appear in his team's weekly roster up to two times over the five weeks. A different roster must be made each week.

Division 3 Roster Rules - Athletes can not be in the roster two weeks in a row. An athlete can only appear in his team's weekly roster up to two times over the five weeks. A different roster must be made each week.

Scoring

Scoring will be based on a weekly total on how that week's roster performs. Scoring will be a reverse scoring order (the same as the Coastal Qualifier Leaderboard). A team's weekly score will be the total points of the roster. The lower the points, the better.

At the end of the five week's a team's score will be the sum of all five weeks. Leaderboards will be posted each week with updates.

Weekly Score Example:

Athlete 1 - 5th place on workout in his division - 5 points

Athlete 2 - 25th place on workout in his division - 25 points

Athlete 3 - 56th place on workout in his division - 56 points

Athlete 4 - 11th place on workout in his division - 11 points
